

Craig Mackereth is responsible for developing and managing the delivery of Rimini Street support services for SAP's Business Suite and BusinessObjects software and Oracle Corporation's Siebel, PeopleSoft, JD Edwards, E-Business Suite, Oracle Database, Oracle Fusion Middleware, Hyperion and Oracle Retail software.

Mr. Mackereth is a veteran executive and recognized thought leader in the Enterprise Systems space, with 20 years experience working in various industries including financial services, technology, software, aerospace and defense. Specializing in Oracle applications and technologies, Mr. Mackereth has led projects and global teams for companies of all sizes and managed 24x7 support teams in challenging corporate environments using a variety of applications and technologies.

Prior to joining Rimini Street, Mr. Mackereth provided management consulting services to global organizations headquartered in the San Francisco Bay Area. He introduced Program, Risk and Change Management techniques during a global deployment of Oracle E-Business Suite before leading a successful EBS r12.1.3 upgrade to deliver on schedule and under budget.

Previously, Mr. Mackereth was vice president at Visa, responsible for the development and production support of global ERP solutions. In addition to managing the 24x7 support of core systems used by employees operating in more than 150 countries, this role included delivery of a significant portfolio of projects to improve technology and process in the crucial post-IPO phase.

Earlier in his career, Mr. Mackereth was a Senior Manager at BAE SYSTEMS with responsibility for development and production support of corporate systems including financial, maintenance, engineering and manufacturing. During this time, he introduced complex maintenance repair and overhaul (cMRO), service-oriented architecture (SOA) and identity management solutions using Oracle solutions and received a Fusion Middleware Innovation Award as an early adopter of SOA.

Mr. Mackereth is an active contributor to the Oracle community, having participated
