Tomonori Oku
VP, SAP Service Delivery, Japan

Rimini Street®
Engineered for Support™

Mr. Oku is responsible for client satisfaction and delivery of support for SAP products, including tax, legal and regulatory updates, to Rimini Street's Japanese clients. In his first year with the Company, he displayed notable leadership in expanding the business to the Asian market while performing multiple job roles as the first employee of Nihon Rimini Street KK.

With more than 18 years of experience with ERP systems, Mr. Oku has served a variety of clients including Fortune 100/500 organizations, directing systems configuration projects and consulting for IT management. His realm of expertise includes test automation, SAP upgrades, migration and virtualization; he takes pride in providing his clients the benefits of ERP stabilization and cost reduction.

Mr. Oku is especially noted for his SAP upgrade service as a consultant, receiving offers from more than 100 organizations for his construction/deployment methods that leverage a variety of tools and methodologies.

Mr. Oku holds a Bachelor of Engineering in Industrial Engineering and Management from the Chiba Institute of Technology.

ABOUT RIMINI STREET, INC.

Rimini Street is the leading independent provider of enterprise software support services. The company is redefining enterprise support services with an innovative, award-winning program that enables Oracle and SAP licensees to save up to 90 percent on total support costs over a decade, including saving 50 percent on their annual support fees. Clients can remain on their current software release without any required upgrades or migrations for at least 15 years after switching to Rimini Street. Hundreds of clients, including global, Fortune 500, midmarket, and public sector organizations from across a broad range of industries have selected Rimini Street as their trusted, independent support provider.
