

# Navigating the stormy skies of PeopleSoft trends...

**56%**

frustrated with ongoing vendor support costs

**43%**

frustrated with ongoing vendor support quality

Of those choosing some SaaS, nearly **70%** are including non-Oracle, best-of-breed solutions

Less than **1/2** have definitive plans to upgrade to 9.2

**97%**

state their *current* PeopleSoft releases already meet their business needs...

...and primary drivers to upgrade are maintenance and support, **NOT** new features

**...licensees seek clear recommendations for sunnier solutions**

Rimini Street, "Survey Report: Licensees' Insights into the Future of Their PeopleSoft Roadmaps," Nov. 2020.
