

Navigating care for Veterans

Support to help you every step of the way

Where are you on your Caregiving Journey?

Vetting long-term care options

Finding Veterans support groups

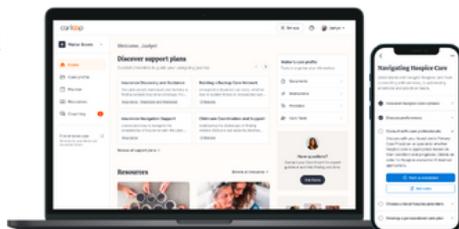

Understanding VA benefits

Find support through your unified digital platform

1:1 Coaching: Our expert Care Coaches support families at every step - from finding childcare to supporting an aging parent. They find and vet solutions, offering hands-on support to alleviate your stress and anxiety.

Digital Resources: Find digital tools to help plan and manage your caregiving responsibilities and access on-demand, specialized content written by our credentialed experts.

“When my husband had an accident at work, we were caught between workers’ comp or the VA in who was responsible for covering his medical costs. It felt like an endless struggle during one of the most stressful times of our lives. We couldn’t have managed it without Cariloop’s support.”

Solutions that save you time & relieve stress

Finding VA-contracted providers

- Identifying non-medical home care, assisted living and long-term care

Accessing mental health support

- Finding resources for loved ones struggling with PTSD
- Choosing support groups
- Accessing self-care tips

Planning ahead for end-of-life

- Finding funeral and burial service options, including headstone programs

Navigating VA benefits

- Understanding how VA benefits and private insurance work together
- Learning about the Veterans Pensions and the Aid and Attendance benefits
- Exploring benefit eligibility
- Guiding through the enrollment

Locating local veteran support

- Finding local Veteran support networks

Finding additional resources

- Identifying housing options, such as independent living & nursing homes
- Assisting with managing insurance & legal documents

18 hrs
Time Saved

Cariloop saves each member 18 hours in navigating care for Veterans, whether that is for themselves or a loved one.
